Class 1A winning the 1st Place in English Choral Speaking in the 71st Speech Festival

Class 1A was selected to represent the school to compete in this year's Hong Kong Schools Speech Festival after winning the Inter-class Choral Speaking Competition in mid November. The students were ecstatic to come first among 15 schools that day in the competition. The adjudicator praised the students for their commitment, creative work as well as their strong and interesting interpretation of the poem. The teacher also witnessed the transformation that some students went through – team spirit was fostered, and all members devoted themselves to doing their best for their class and for the school, even though some were not used to the stage at the beginning. Overall, it was a fun and rewarding experience.

Excellent job, 1A!
