## Visit to the Street Sleepers

8th March 2019

In order to deepen our understanding of the poverty issues in Hong Kong, 4D students joined a visit, organised by the Integrated Service for Street Sleepers of the Salvation Army, in Yau Ma Tei and Mongkok on 8th March 2019.

The visit incorporated service learning experience with the NSS Liberal Studies curriculum so that students could acquire academic knowledge outside the classroom, as well as equip themselves with experience as servant leaders.
